

Rose Pruning Demonstration

On Saturday 9th, Sunday 10th
& Wednesday 13th of March
At 10.30am & 2.30pm

To get the best performance from your roses this summer join our grower Mark Goold to learn how to prune and care for them.

You will be shown how to prune bush, climbing and rambling roses.

The session will start with tea or coffee & pastries in the restaurant function room to explain pruning techniques. For those hardy souls we will finish in the rose garden, where you will have an opportunity to have a go at pruning yourself.

We ask you to bring warm outdoor clothing for the outdoor part of the demonstration & gloves & secateurs if you want to have a go.

£5.00 Per person

To book a place please enquire at the tills
